THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Connelville residents recommend Doan's Kidney Pills. Read this Connelville statement:

Mrs. Chas. Wilson, 506 E. Crawford avenue, says: "In the past, I have had a great deal of trouble with my kidneys. I was unable to control the action of my kidneys and was troubled with headaches and spells of dizziness. Spots appeared before my eyes, too. My back got lame and sore and caused me a great deal of suffering. An attack of this kind was always promptly relieved by using Doan's Kidney Pills. One or two boxes which I would get at Little's Drug Store would remove the trouble and improve the condition of my kidneys very rapidly. I am glad to endorse Doan's to those who are troubled as I was. It is now several months since I have had to use Doan's."

Bestful Results for Men.
Only a person who has experienced that awful "all night" cough that sometimes follows influenza can appreciate what a good night's sleep can be. Mrs. Annie Davidson 2080 Myrtle St., Long Beach, Cal., writes: "The result of using Foley's Honey and Tar was a useful one for me. Foley's Honey and Tar checks harsh, racking coughs; eases wheezy breathing stops tickling in throat, eases raw, irritated surfaces with a soothing, healing coating. Sold everywhere—Adv."

cumulatively thrilling situations will be presented Thursday night. It is not a moving picture.

The people whose destinies it concerns are all distinct, social types familiar, uncalculatingly amusing and refreshingly delineated. The Signora Minuti, an ex-music hall singer who has had the foresight to marry an Italian tailor in a Brooklyn cabaret and elevated him to the \$5,000 a night class in the Metropolitan, introduces a scintillant but a middle trying to keep him in the paths of virtue. The Signor himself with his constant susceptibility is equally amusing. The two newweds Harry Hawkins and Blanche—the latter the friendly soul who brings on all the trouble—are deliciously human in all the coils of disaster into which they are caught.

OLD PEOPLE

Need Vinol because it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. It fortifies the system against colds, and thus prevents pneumonia.

This is because Vinol Contains Iron and all of the medicinal body-building elements of Cod Liver Oil, taken from fresh cods' livers—but no oil. Vinol is not a patent medicine. Everything it contains is named on bottle.

FEEL THE COLD

Elderly people feel the cold keenly, because their blood is thin, sluggish and watery. Vinol is the ideal blood tonic and strength maker. It creates a hearty appetite, promotes digestion, purifies and enriches the blood and invigorates the entire body.

WOOSTER, OHIO

"The gripe left me in a weakened, run-down condition. As I had used Vinol before with good results I tried it. My appetite improved, my strength came back so I am not only taking care of my household duties, but direct the management of two large farms."—Mrs. Martha Siddle.

COUGHS AND COLDS

Elderly people are very susceptible to coughs and colds, which so often develop pneumonia. Don't lose time experimenting with other remedies when we guarantee Vinol to cure. Vinol has carried many an old person through a hard winter without a cold or cough.

EMPORIA, KANS.

"I was weak, debilitated and run-down. I had sinking spells, no appetite and could not sleep. Vinol gave me a good appetite, toned me up and put new life into my veins after every other medicine had failed to help me."—Mrs. S. V. Green.

WHAT ARE WE GOING TO DO ABOUT NEW WATER RATES?

Compared with previous periods in the history of Connelville, when questions relating to water supply, rates and service have occupied a large place in the public's attention, the notice of the Connelville Water company that it proposes to increase its rates 20 per cent has thus far created not a single murmur of complaint.

Does this apparent calm between a gathering storm that will presently break in unrestrained fury, as has been the wont, or is it evidence of meek resignation on the part of water consumers to what they regard as inevitable?

At any event, consumers are much slower to defend themselves, at least vocally, than formerly when the water question came to the point of great agitation and considerable violence, and at times intemperate language, strongly worded resolutions and other signs of righteous indignation, only to end in defeat.

In face of an impending advance in rates, Connelvilleans are much slower to take defensive measures than water consumers elsewhere, notably in Latrobe, where the citizens have reached the town meeting stage in protest against an increase by the Latrobe Water company.

Over there, the situation differs somewhat from our own. The water company, after insistent and long continued demands upon the part of patrons, has undertaken improvements at a cost of about \$500,000 with a view to increasing its supply and extending its service. With the increased investment, the company claims that larger revenue is necessary and to provide it has filed a new schedule of rates with the Public Service Commission. In support of this plan, the company is preparing to show that its plan, valuation of \$1,000,000 is not excessive, and that under the decisions and rulings of the commission the water company is entitled to rates sufficient to produce gross receipts equivalent to seven per cent for depreciation, dividends and interest and two per cent for operating expenses and taxes.

In Connelville the claim for necessity in advance in rates is not based upon plant improvements but upon the general advance in the cost of operation due to high prices for materials, labor and supplies. No additions to the plant have been made, no mains relaid and, so far as the public is aware, no improvements are contemplated. Apparently the company regards the present as the opportunity to advance rates and thus far no opposition to the plan has developed, all of which serves to make the present "water question" wholly unlike any recurrence of it in the previous history of Connelville.

In Latrobe, the rate increase is taken to be a protest with the Public Service Commission as the only course of action that can be pursued. The borough solicitor has counseled this and has pointed out that the petitioners will have to prove to the Public Service Commission that the water company has placed too high a valuation on its plant, that the proposed rates are higher than the invested capital should permit to be charged, and that the company does not have the right to place upon the consumers the excessive rates of the approved amounts which the company should have made years ago when the expense would have been materially less than at the present scale of high prices.

Here we do not have so many objections to the proposed rates, but enough to make a real job of it should be decided by council to file a protest against the proposed rates. This is the only action that can be taken. If council should so decide, we will have to pay the increased rates until the question would be finally determined by the Public Service Commission, followed by an appeal to the courts which the water company would very probably take if its schedule were not approved, it being a provision of the Public Service Act that the only rates are "adjusted" unless unreasonable or unjust. It can be ordered by the Public Service Commission that the water company will be required to pay the increased rates over on its water supply, but the same facility with which it has put other things over on a hitherto strongly protesting but, apparently, impotent public.

The Courier extends to W. S. Livingston, owner and editor of the Latrobe Republican, its most cordial congratulations upon the tenth anniversary of the present management and the measure of progress and prosperity attained in the meantime. Just as cordially do we congratulate the people of Meyersdale and Somerset county upon having the privilege to patronize what is in every sense a model country town weekly newspaper.

Our local court does not suffer from the handicap of the county court when it comes to handling cases in which it is necessary to identify the "mysterious person" known as "Kitty."

The tuberculosis dispensary is an institution we hear little about but it is like many quiet, unobtrusive affairs, who do good turns with the right hand without letting the left know anything about it.

The revolution in Germany has driven Kaiser Bill to the garden; his Dutch predecessor, maybe, is waddling "digging in."

DAME FASHION INVITES YOU TO KOBACKER STORE

Annual Spring Opening Will Be
Event of Tomorrow and
All is Ready.

UNEXCELLED IS DISPLAY

An event of unusual interest especially to the feminine sex of Connelville and vicinity, is the annual spring opening of Kobacker's store to be held tomorrow. With the approach of spring there is nothing more attractive to a lady than a style show depicting Dame Fashion's newest modes and one will only have to witness the fashion display at Kobacker's to become correctly informed in the leading fashions for spring and summer.

Every department has assembled a magnificent variety of merchandise. In describing the modes for spring and summer one must first of all lay stress on the variety there being styles for everyone.

Interesting spring suits introducing many new features will be on display. Navy blue is the prevailing color with tricolor polka and velvet checks leading the materials

which are lovelier than ever. There are ever so many models to choose from, including the smartly-tailored suit, with self-stitching, belted models with bloused or straight waist, the youthful e-ton and semi-e-ton effects, handsomely embroidered and some having bright, little vests of embroidered silk and tricolette.

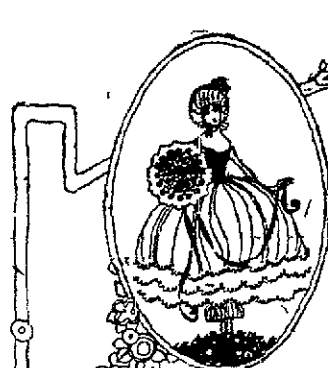

Many different styles are expressed in the lovely dresses. Taffeta is the leading material and as in suits the color is blue with a dash of brightness here and there. Smart separate skirts tailored from vivid and sombre plaids and checked English woollens will be on display as will swaggy sport coats of camel's hair polo cloth, angora trimmed, dolman and capes, in the newest models, will also be shown.

Smart creations in millinery, including the cellophane hat, the transparent hat and in fact, all the fashionable models of the season will be exhibited in the millinery portion. The popular modes of trimming are cellophane flowers and lances, tulle, lacquered quills, and wings, and pompoms. Smart colors are asstee and Kelly green. The all-black hat is especially smart.

Charming waists including the French blouse, the draped blouse, fashioned of georgette crepe and crepe de chine artistically beaded, will be shown.

The display of dress goods, neck wear novelties in jewelry, gloves, hosiery, curtains and children's wear and shoes will be one of the largest ever shown by the firm.

There is nothing else on earth as soul satisfying as a snug bank account when you need money in a hurry. said a customer of the First National of Connelville, as he drew \$100 to send to his son who had been seriously hurt in a far away city.—Adv.

A Friend Recommended Them. A person often does more good than he realizes when he tells a sufferer how to get well. J. N. (Tobin) clerk, Little Hotel, Evansville, Ind. writes: "For weeks I suffered constantly with pains in the muscles of my thigh. I was treated by the doctor for rheumatism but found no relief. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately. Good for backache, rheumatic pains, stiff joints. Sold everywhere.—Adv."

How Is Your Digestion? If you have trouble with your digestion you should adopt a diet suited to your age and occupation eat slowly, masticate your food thoroughly. When constipated take Chamberlain's Tablets. They not only move the bowels but strengthen the digestion and create a healthy appetite. They are easy to take and most agreeable in effect.—Adv.

The voiles in dark and light shades plain or Dresden Persian Georgette or floral in the effect of their printings—

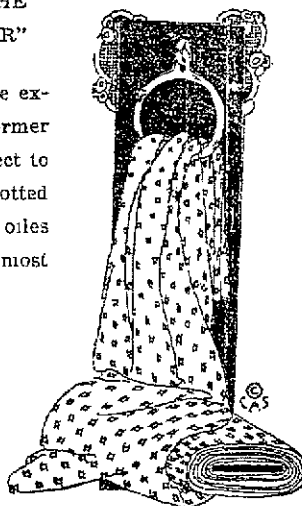

The organdies in plain white or colors, checked or embroidered—

The batistes mull and crepes so much in demand for lingerie are here more alluring than ever.

To quote a New York authority:

COTTONS ARE THE THING THIS YEAR.

And, in place of the expensive silks of former seasons we may expect to find sheer nets, dotted Swisses, organdies, voiles and gingham in almost universal use.
